INTRODUCTION

R. L. POLK & CO., publishers of more than 750 city, county, state and national Directories, present to subscribers and the general public, this, the 1949 edition of the Ames City Directory, which also includes Cambridge, Collins, Colo, Fernald, Gilbert, Huxley, Kelley, Maxwell, McCallsburg, Nevada, Ontario, Roland, Slater, Story City, Zearing, and the farmers of Story County.

Confidence in the growth of Ames' industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Ames to the world.

The enviable position occupied by R. L. POLK & CO.'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Ames Directory will fulfill its mission as a source of authentic information pertaining to the community.

Seven Major Departments

The seven major departments are arranged in the following order:—

THE MISCELLANEOUS DEPARTMENT, for Ames, pages 13 to 22, on white paper, presents lists of city and county officials; post office Directory; statistical review; and manufacturing, trade and civic surveys. Similar information for Nevada will be found at the beginning of the Nevada section.

THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns of Ames is included in pages 25 to 244, on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Ames, and the name, official personnel, nature and address of each firm and corporation in the city. A similar list for Nevada appears in pages 297 to 347.

THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, for Ames, on pink paper, covers pages 245 to 287. In this section the names of the streets are arranged in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the designation of homes and places of business having telephones. A similar guide for Nevada is included in pages 349 to 363.

THE STORY COUNTY DIRECTORY, covering the small towns of the county, extends from page 365 to page 406, on white paper.

THE STORY COUNTY FARMERS DIRECTORY appears in pages 407 to 455, on white paper.

THE BUYERS' GUIDE, preceding the Classified and separately paged from 1 to 48, on goldenrod paper, contains the advertisements of leading manufacturing, business and professional interests of Ames and vicinity. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like Ames, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 505 to 553, on white paper. This department lists the names of all business and professional concerns of the whole community in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Ames and vicinity.

The Ames Directory Library

Through the courtesy of the publishers of the Ames City Directory, a Directory Library was established recently in the offices of the Ames Chamber of Commerce, for free reference by the general public. This is one of more than 600 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

Iowa State College

Iowa State College of Agriculture and Mechanic Arts was founded in 1858, nine years after the first settler built his cabin in Story County. The college is a Federal land grant institution.

The college land covers 2,943 acres, with 781 acres in the main campus and recreation areas, the rest in experimental farms; total land value, $749,000.

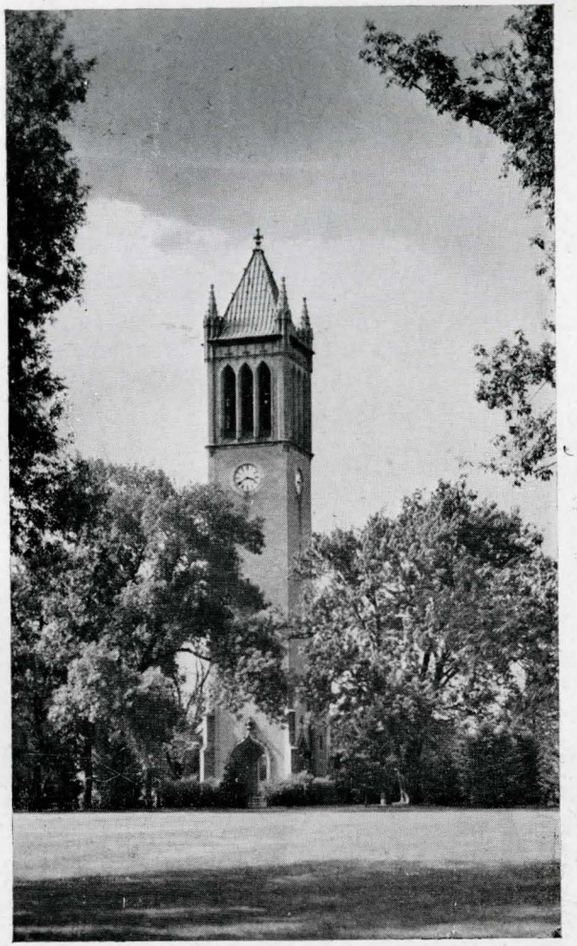

The physical plant has 45 main buildings (not including dormitories); 250 minor structures; total value, land, buildings and equipment, $17,500,000.

Income for the 1948-49 school year was $9,330,000, derived from State appropriation of $3,500,000, plus Federal

MUNICIPAL MUSIC PAVILION

One of the finest pavilions for outdoor music west of Chicago. Contains large band-practice room, with ample dressing rooms off-stage. Equipped with multi-colored lighting facilities, perfect acoustics, public address system. Pavilion facilities frequently used by many groups for meetings, etc.

IOWA STATE COLLEGE CAMPANILE

Perhaps the best known symbol of the college is the 110-foot Gothic campanile, situated just north of Memorial Union. It houses the Stanton Memorial Carillon of 36 bells. The carillon concerts—hymns each morning before 8 o'clock, college songs at 1 P. M., and classical music before 6 o'clock in the evening—have become a firmly-fixed tradition for students, graduates and visitors.

allotments, student fees, gifts, sale of products and services, and endowments. Students residing in Iowa pay no tuition, only special fees.

The student enrollment for 1948-49 was 11,761, including 2,244 freshmen, 2,388 sophomores, 2,556 juniors, 2,618 seniors, and 1,955 graduate and special students. Enrollment for short courses in the year ended May 21, 1949, was 16,524.

The total of regular, full-time employees, June 30, 1949, was 3,901, composed of 1,756 instructional, 263 administrative, 459 agricultural experiment station, 456 extension service, 595 maintenance, 293 dormitories and dining halls, 41 experiment station farms, and 38 hospital, employees. 1948 tax forms were filed for 7,350 regular and part-time employees.

Main divisions: Agriculture, Engineering, Science, Home Economics, Veterinary Medicine.

Research activities extend through all divisions, and are well-known throughout the world. Outstanding research achievements in live stock, crops and soils; dairy industry; agricultural engineering; veterinary science; agricultural by-products; general engineering, especially highway construction and safety factors; and industrial health and safety problems.

Iowa State Highway Commission

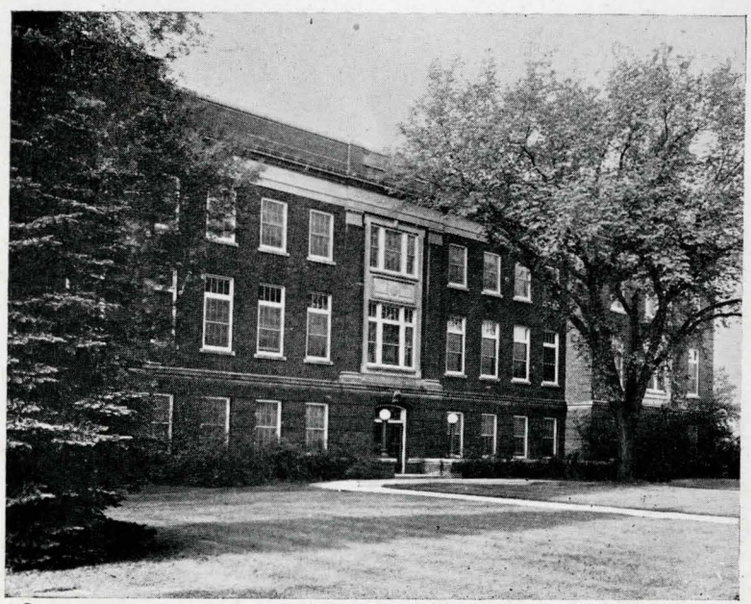

The Iowa State Highway Commission was created in 1904 as a function of the Engineering Division at Iowa State College, independently established in 1913.

The physical plant, erected in 1924 on five acres donated by the people of Ames, includes a commodious administration building, testing laboratory, numerous shops and garages. Maintenance stations and divisional offices reach into every county.

The highway program has accomplished the construction of 5,665 miles of concrete paved highways in Iowa, partly with Federal aid, and 795 miles of bituminous (blacktop) surfacing, and has built a system of graveled farm-to-market roads reaching into nearly every local agricultural community in the state.

Approximately $463,000,000 has been spent on highway construction by the Commission since 1925.

Personnel: The Commission has employed as many as 2,500 persons at one time, including engineers, administrative officers and workers in all lines, and currently maintains a staff of about 340 in Ames.

STATE HIGHWAY COMMISSION
Main administration building, housing the general offices, engineering and drafting divisions, and numerous other functions. Materials-testing laboratory, shops and central garages also are located on this five-acre tract donated to the State by the people of Ames.

Ames Public Schools

With modern, well-equipped school buildings and with modern educational philosophies and practices, the Ames Public Schools offer a splendid opportunity for the education of the children of the city. The school plant comprises ten buildings, with a present total valuation of $2,491,-261.08. These include the $1,179,150.13 modern High School building with its splendid auditorium and gymnasium facilities; the Central Junior High School; the Welch Junior High and Elementary School; Beardshear, Crawford, Lincoln, Roosevelt and Whittier elementary schools; the Franklin Opportunity School; and the Field House. A fine stadium and lighted athletic field also are a part of the school plant.

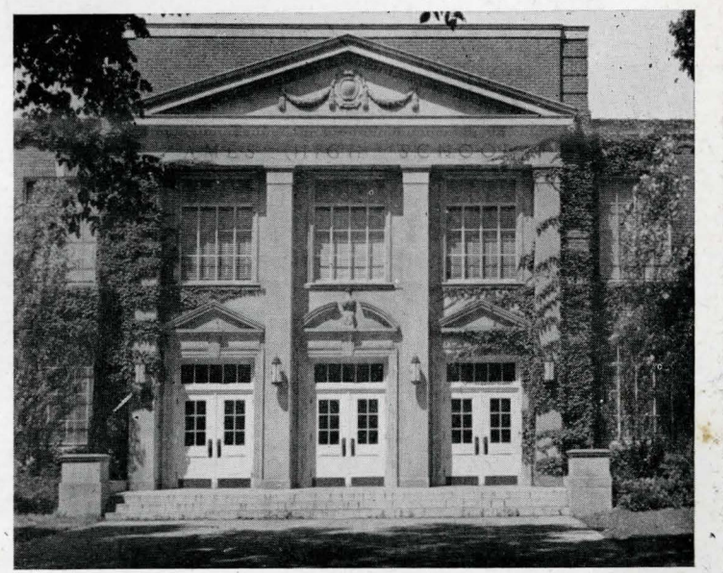

Pupil enrollment for 1948-49 totaled 2,398; teaching staff, 110; other personnel, 23.

A recent bond issue of $750,000 was passed by the citizens of Ames to construct two new elementary school buildings, to replace Franklin Opportunity School and for the reconstruction of gymnasium, locker rooms and shower facilities in Central Junior High School.

St. Cecilia's School enrollment for 1948-49 was 154.

Conclusion

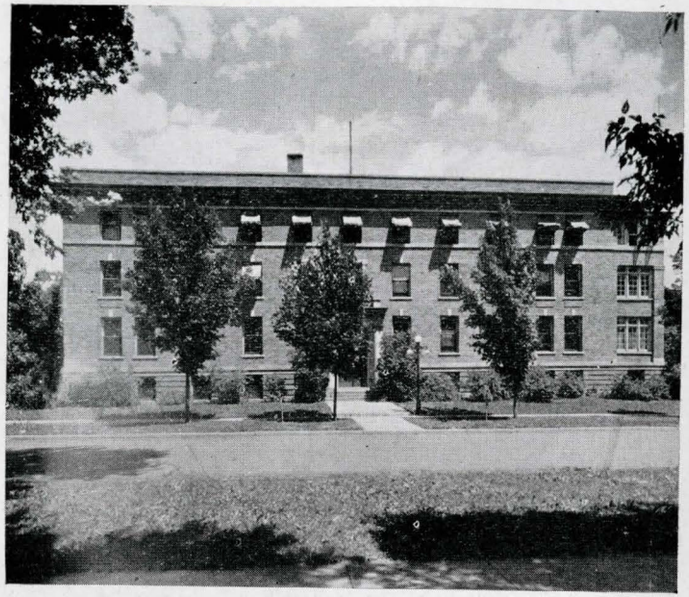

From the foregoing factual data, it can be seen that the city of Ames offers many advantages—social, economic, educational. It has an exceptionally high health rating; it is a city of beautiful homes, situated in one of the fairest states in the land, in the heart of the world's wealthiest agricultural region. Ames possesses virtually every element vital to the social and economic welfare and personal happiness

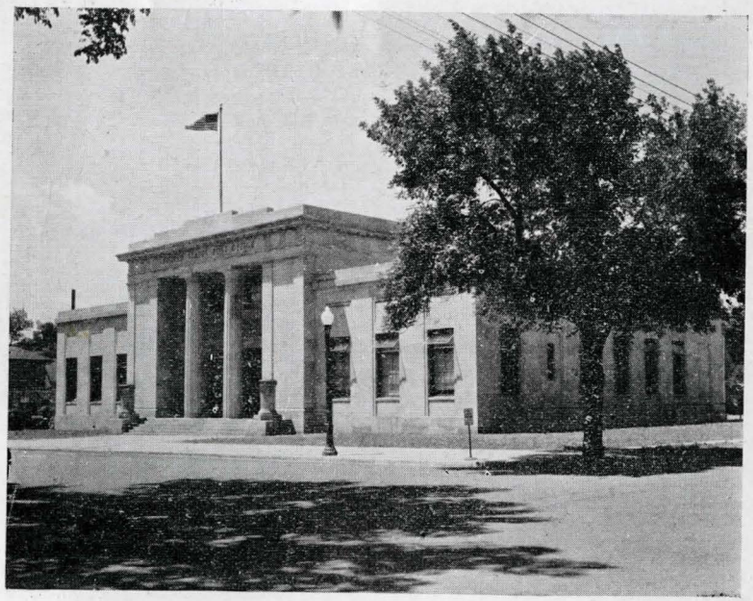

AMES HIGH SCHOOL
The High School is strictly up-to-the-minute in approved equipment, with a schedule of well-balanced courses taught by competent instructors. Its graduates rank outstandingly high in college work.

of the individual, and every element of success for the small business or small industry.

Ames is truly a CITY OF OPPORTUNITY.

MARY GREELEY MEMORIAL HOSPITAL
To the above original structure has now been added a $153,000 wing, increasing hospital facilities to accommodate 75 beds. Hospital is modernly-equipped, well-staffed, up-to-date in every respect.

POLK'S
AMES
Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street and Avenue Guide
1949

Copyright, 1949, by R. L. Polk & Co.

In the following list the streets are arranged in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

Numerical Streets are compiled in with Named Streets in their regular Alphabetical order.

The symbol ⓞ following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

The ♙ preceding names denotes houses and places of business having telephones.

This section includes some listings reading "No return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.

Newspaper—Nevada Evening Journal, daily except Sunday since 1929; under same management for over 50 years; county-wide circulation.

The office of the AAA is located in Nevada.

The parks are under the administration of a park board.

Nevada is the grain center of Story County, serviced by two modern elevators, one on each railroad.

Nevada's modern, up-to-the-minute stores, which cover ten city blocks, carry all lines of merchandise, which attract shoppers from a wide trading area. Socially and economically, the city of Nevada has much to offer its residents. Its churches, its schools and its community activities all tend to provide a healthful, wholesome atmosphere, important, alike, to young and old.

Nevada is a city of beautiful trees. Its well-kept lawns and attractive homes reflect the spirit of friendliness for which its people are noted. Nevada may well be called "The City Beautiful."

Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street and Avenue Guide

1949

Copyright, 1949, by R. L. Polk & Co.

In the following list the streets are arranged in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

Numerical Streets are compiled in with Named Streets in their regular Alphabetical order.

The symbol ⓞ following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

The ♙ preceding names denotes houses and places of business having telephones.

This section includes some listings reading "No return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.

Know Your Directory SYMBOLS

"r" AND "h"

Two important symbols are used in your City Directory. The symbol "r", before an address stands for "Resident". That person resides at that address but is not the head of the family or family head. The symbol "h" stands for "Householder"—the person in whose name the home is occupied.

CAUTION....

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

Your City Directory Contains:

1 An *Alphabetical* list of names and addresses of every resident, business concern and institution, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.

2 A *Householders' Directory* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.

3 A *Classified Business Directory* –listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.

4 A *"Yellow Section" or Buyers' Guide,* where the advertiser may explain in greater detail the services or products he has to offer.

5 A *Statistical and Historical Story* of your city; plus miscellaneous other information.

Use Our Library of

OUT-OF-TOWN CITY DIRECTORIES

A complete library of out-of-town City Directories is maintained especially for the reference use of our subscribers. We invite you to consult this library of up-to-date Directories when in need of names, addresses, and other information about firms and individuals in other cities. This is a part of our service to local City Directory users.

Out of Sight - Out of Mind
★ *Out of Business* ★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

★

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

WE BELIEVE IN
AMES

Everyone recognizes the value of organized effort. The Ames Chamber of Commerce represents organized effort in building the community, promoting civic projects, and making our city a finer place in which to live.

A Board of Directors determines the policies. A program of work is carried on by the following organized committees:

Greater Ames
Retail Promotions
Agricultural Promotions
National and State Affairs
Education
Aviation
Budget and Finance
Solicitations
Special Committees

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publications.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.
8. To co-operate with approved organization and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.
